Federal Resource Management and Ecosystem Services Guidebook Authors

This list includes all authors who have contributed to any section of the guidebook. Authorship is also noted on each section.

Greg Arthaud, National Leader for Ecosystem Services Research, U.S. Forest Service
Kenneth J. Bagstad, Research Economist, U.S. Geological Survey
Dinah Bear, Attorney at Law and Consultant
Joe Bowles, Silviculturist, U.S. Forest Service
James Boyd, Senior Fellow and Director, Center for Management of Ecological Wealth, Resources for the Future
Pete Caligiuri, Forest Ecologist, The Nature Conservancy
Clyde F. Casey, Ecosystem Services Theme Lead, U.S. Geological Survey
Sally Collins, Consultant, Sally Collins LLC
Laura Crane, Director, Renewable Energy Initiative, The Nature Conservancy
Christine Davis, Environmental Protection Specialist, U.S. Environmental Protection Agency
Robert Deal, Research Forester and Ecosystem Services Team Leader, U.S. Forest Service
Micah Effron, Social Science and Engagement Analyst, National Oceanic and Atmospheric Administration
Tim Foley, Environmental Coordinator, U.S. Forest Service
Christy Ihlo, Policy Assistant, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Robert J. Johnston, Director, George Perkins Institute and Professor of Economics, Clark University
Douglas Lipton, Senior Scientist for Economics, National Oceanic and Atmospheric Administration
Katie Locklier, Policy Assistant, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Lynn Maguire, Professor of the Practice of Environmental Decision Analysis, Duke University, Nicholas School of the Environment
Ted (Edward) Maillett, Senior Economist, U.S. Fish and Wildlife Service
Mark Metcalf, Regional Economist, U.S. Forest Service
Chris Miller, Economist, U.S. Forest Service
Rebecca Moore, Economist, U.S. Bureau of Land Management
Kawa Ng, Economist, U.S. Forest Service
Lydia Olander, Director, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Michael Papenfus, Environmental Economist, U.S. Environmental Protection Agency
Mark Plummer, Economist, National Oceanic and Atmospheric Administration
Amanda Reed, Policy Advisor, The Nature Conservancy
Tracy Rouleau, Deputy Chief Economist, National Oceanic and Atmospheric Administration
David Saah, Principal, Spatial Informatics Group, and Assistant Professor of Environmental Science, University of San Francisco
Giselle Samonte, Economist, Earth Resources Technology, Inc./National Oceanic and Atmospheric Administration
Lynn Scarlett, Managing Director for Public Policy, The Nature Conservancy
Emily Schieffer, Senior Policy Associate, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Nikola Smith, Ecologist and Ecosystem Services Specialist, U.S. Forest Service
Paul B. Smyth, Senior Counsel, Perkins Coie, LLP
Joe, Stringer, Senior Land Use and Natural Resource Planner, U.S. Forest Service International Programs
Ariana Sutton-Grier, Research Faculty, University of Maryland and Ecosystem Science Advisor for the National Ocean Service, National Oceanic and Atmospheric Administration
Howard Townsend, Ecologist, National Oceanic and Atmospheric Administration
Dean Urban, Professor and Division Chair, Environmental Sciences and Policy Program, Nicholas School of the Environment, Duke University, Nicholas School of the Environment
Tibor Vegh, Policy Associate, Environmental Economics Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Lisa Wainger, Research Professor, Center for Environmental Science, University of Maryland
Emily Weidner, Natural Resources Specialist, U.S. Forest Service
Debra Whitall, Regional Social Scientist, U.S. Forest Service
Peter Wiley, Economist, National Oceanic and Atmospheric Administration
Rob Winthrop, Senior Social Scientist, U.S. Bureau of Land Management
Members of Technical Working Groups

Members of technical working groups participated in meetings hosted by the National Science Foundation-funded National Center for Ecological Analysis and Synthesis and the Socio-Environmental Synthesis Center. These meetings contributed to the development of the guidebook’s assessment framework and to a technical paper on the data and modeling capacity and needs for implementing an ecosystem services approach nationwide.

Kenneth J. Bagstad, Research Economist, U.S. Geological Survey
Geoff Buckley, Professor and Undergraduate Chair, Department of Geography, Ohio University
Clyde F. Casey, Ecosystem Services Theme Lead, U.S. Geological Survey
Patrick Comer, Chief Ecologist, NatureServe
Janet Cushing, Environmental Planner, U.S. Army Corps of Engineers
Robert Deal, Research Forester and Ecosystem Services Team Leader, U.S. Forest Service
Micah Effron, Social Science and Engagement Analyst, National Oceanic and Atmospheric Administration
Kevin Halsey, Senior Consultant, Parametrix
Dylan Harrison-Atlas, PhD Candidate in Ecology, Colorado State University
Dan Hellerstein, Agricultural Economist, U.S. Department of Agriculture, Economic Research Service
Tom Holmes, Research Forest Economist, U.S. Forest Service
Sarah Howell, Social Science Assistant, U.S. Bureau of Land Management
Christy Ihlo, Policy Assistant, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Robert J. Johnston, Director, George Perkins Institute and Professor of Economics, Clark University
Jimmy Kagan, Director, Oregon Biodiversity Information Center, Institute for Natural Resources, Oregon State University and Portland State University
Lynn Maguire, Professor of the Practice of Environmental Decision Analysis, Duke University, Nicholas School of the Environment
Ted (Edward) Maillett, Senior Economist, U.S. Fish and Wildlife Service
Timon McPhearson, Assistant Professor of Ecology, The New School
Rebecca Moore, Economist, U.S. Bureau of Land Management
Anne Neale, Project Lead, EnviroAtlas, U.S. Environmental Protection Agency
Lydia Olander, Director, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Michael Papenfus, Environmental Economist, U.S. Environmental Protection Agency
Trista Patterson, Senior Ecological Economist, United Nations Environmental Programme Global Resource Information Database - Arendal
Mark, Plummer, Economist, National Oceanic and Atmospheric Administration
Paul Ringold, Ecologist, U.S. Environmental Protection Agency
Morgan, Robertson, Assistant Professor, Department of Geography, University of Wisconsin
David Saah, Principal, Spatial Informatics Group, and Assistant Professor of Environmental Science, University of San Francisco
Ben Sherrouse, Geographer, U.S. Geological Survey
Samantha Sifleet, Research Fellow, U.S. Environmental Protection Agency
David Theobald, Senior Scientist, Conservation Science Partners (prev. NPS)
Howard Townsend, Ecologist, National Oceanic and Atmospheric Administration
Dean Urban, Professor and Division Chair, Environmental Sciences and Policy Program, Nicholas School of the Environment, Duke University, Nicholas School of the Environment
Sara Vickerman, Senior Director, Biodiversity Partnerships, Defenders of Wildlife
Lisa Wainger, Research Professor, Center for Environmental Science, University of Maryland
Peter Wiley, Economist, National Oceanic and Atmospheric Administration
Rob Winthrop, Senior Social Scientist, U.S. Bureau of Land Management
Participants in the Community of Practice

The Community of Practice represents a wide range of interested parties, including partner agencies, authors of this guidebook, and external experts. The group contributed to webinars to share agency approaches and experiences and to provide feedback on the guidebook’s design and content.

Greg Arthaud, National Leader for Ecosystem Services Research, U.S. Forest Service
Kenneth J. Bagstad, Research Economist, U.S. Geological Survey
Dinah Bear, Attorney at Law and Consultant, (Independent)
James Boyd, Senior Fellow and Director, Center for Management of Ecological Wealth, Resources for the Future
Sara Brodnax, Policy Specialist, Working Lands, Environmental Defense Fund
Clyde F. Casey, Ecosystem Services Theme Lead, U.S. Geological Survey
Michael Colby, Senior Natural Resource Economics Advisor, U.S. Agency for International Development
Sally Collins, Consultant, Sally Collins LLC
Patrick Comer, Chief Ecologist, NatureServe
Ernest Cook, Senior Vice President and National Programs Director, Trust for Public Land
Janet Cushing, Environmental Planner, U.S. Army Corps of Engineers
Luca De Stefanis, Policy Aide Intern, The White House Council on Environmental Quality
Robert Deal, Research Forester and Ecosystem Services Team Leader, U.S. Forest Service
Kathy DeCoster, Director of Federal Affairs, Trust for Public Land
Micah Effron, Social Science and Engagement Analyst, National Oceanic and Atmospheric Administration
John Finisdore, Founding Partner, Sustainable Flows
William Gascoigne, Economist, U.S. Geological Survey
Erica Goldman, Assistant Director for Science Policy Outreach, COMPASS
Rebecca Goldman-Benner, Science Director, Durham, The Nature Conservancy
Rachel Grandpre, Climate Change Adaptation Analyst, The White House Council on Environmental Quality
Erin Gray, Research Associate, People and Ecosystems Program, World Resources Institute
Peter Grigelis, Economist, U.S. Department of the Interior, Office of Policy Analysis
Chris Hartley, Environmental Markets Analyst, U.S. Department of Agriculture, Office of Environmental Markets
Dianna Hogan, Research Physical Scientist, U.S. Geological Survey
Debra Hopkins, U.S. Fish and Wildlife Service
David Houghton, President, National Wildlife Refuge Association
Christy Ihlo, Policy Assistant, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Bruce Jones, Executive Director, Desert Research Institute
Jimmy Kagan, Director, Oregon Biodiversity Information Center, Institute for Natural Resources, Oregon State University and Portland State University
Becca Madsen, Project Manager, Electric Power Research Institute
Lynn Maguire, Professor of the Practice of Environmental Decision Analysis, Duke University, Nicholas School of the Environment
Ted (Edward) Maillett, Senior Economist, U.S. Fish and Wildlife Service
Barbara Martinez, AAAS S&T Fellow, U.S. Environmental Protection Agency
Evan Mercer, Research Economist, U.S. Forest Service
Chris Miller, Economist, U.S. Forest Service
Rebecca Moore, Economist, U.S. Bureau of Land Management
Anne Neale, Project Lead, EnviroAtlas, U.S. Environmental Protection Agency
Lydia Olander, Director, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions
Michael Papenfus, Environmental Economist, U.S. Environmental Protection Agency
Trista Patterson, Senior Ecological Economist, United Nations Environmental Programme Global Resource Information Database - Arendal
Glenn Paulson, Science Advisor, U.S. Environmental Protection Agency
Linwood Pendleton, Senior Scholar, Duke University, Nicholas Institute for Environmental Policy Solutions
Danielle Pieranunzi, Program Director, Sustainable Sites Initiative
Mark Plummer, Economist, National Oceanic and Atmospheric Administration
Tim Profeta, Director, Duke University, Nicholas Institute for Environmental Policy Solutions
Charles Rhodes, ORISE Post-Doctoral Fellow, U.S. Environmental Protection Agency
Leslie Richardson, Economist, U.S. Geological Survey
Paul Ringold, Ecologist, U.S. Environmental Protection Agency
Kerry E. Rodgers, Senior Planning and Environmental Analyst (Senior NEPA Specialist), U.S. Bureau of Land Management
Tracy Rouleau, Deputy Chief Economist, National Oceanic and Atmospheric Administration
Susan Ruffo, Deputy Associate Director for Climate Change Adaptation, The White House Council on Environmental Quality

J.B. Ruhl, David Daniels Allen Distinguished Chair of Law and Co-director, Energy, Environment and Land Use Program, Vanderbilt University

Diane Russell, Senior Social Scientist, U.S. Agency for International Development

David Saah, Principal, Spatial Informatics Group, and Assistant Professor of Environmental Science, University of San Francisco

Giselle Samonte, Economist, Earth Resources Technology, Inc./National Oceanic and Atmospheric Administration

Kathryn Saterson, Assistant Lab Director, U.S. Environmental Protection Agency

Lynn Scarlett, Managing Director for Public Policy, The Nature Conservancy

Emily Schieffer, Senior Policy Associate, Ecosystem Services Program, Duke University, Nicholas Institute for Environmental Policy Solutions

John Schmerfeld, Biologist, U.S. Fish and Wildlife Service

Carl Shapiro, Director, Science and Decisions Center, U.S. Geological Survey

Ben Sherrouse, Geographer, U.S. Geological Survey

Catherine, Shuman, The White House Council on Environmental Quality

Samantha Sifleet, Research Fellow, U.S. Environmental Protection Agency

Ben Simon, Economics Staff Director, U.S. Office of Policy Analysis

David Simpson, Economist, U.S. Environmental Protection Agency

Nikola Smith, Ecologist and Ecosystem Services Specialist, U.S. Forest Service

Mary Snieckus, Ecosystem Services and Markets Program Lead, U.S. Forest Service

Elaine Suriano, Environmental Scientist, U.S. Environmental Protection Agency

Ariana Sutton-Grier, Research Faculty, University of Maryland and Ecosystem Science Advisor for the National Ocean Service, National Oceanic and Atmospheric Administration

Gary Tabor, Executive Director, Center for Large Landscape Conservation

Howard Townsend, Ecologist, National Oceanic and Atmospheric Administration

Dean Urban, Professor and Division Chair, Environmental Sciences and Policy Program, Nicholas School of the Environment, Duke University, Nicholas School of the Environment

Sara Vickers, Senior Director, Biodiversity Partnerships, Defenders of Wildlife

Sissel Waage, Director, Biodiversity and Ecosystem Services, Business for Social Responsibility

Lisa Wainger, Research Professor, Center for Environmental Science, University of Maryland

Ted Weber, Science Manager, Strategic Conservation, The Conservation Fund

Emily Weidner, Natural Resources Specialist, U.S. Forest Service

Patience Whitten, NMFS HQs NEPA Coordinator, National Oceanic and Atmospheric Administration

Diana Whittington, Wildlife Biologist, U.S. Fish and Wildlife Service

Laura Whorton, Land and Water Policy Advisor, The White House Council on Environmental Quality

Peter Wiley, Economist, National Oceanic and Atmospheric Administration

Alice Williamson, Policy Associate, Sustainable Northwest

Kimery Wiltshire, CEO and Director, Carpe Diem West

Rob Winthrop, Senior Social Scientist, U.S. Bureau of Land Management
Special Advisors

Valuable input into development of the guidebook was provided by the following federal agency staff and external experts:

Joe Carbone, Assistant Director, National Environmental Policy Act, U.S. Forest Service
Clyde F. Casey, Ecosystem Services Theme Lead, U.S. Geological Survey
Patrick Comer, Chief Ecologist, NatureServe
Olivia Barton Ferriter, Deputy Director, Office of Policy Analysis, U.S. Department of the Interior
Chris French, Assistant Director of Ecosystem Management Coordination, U.S. Forest Service
Ellen Gilinsky, PhD, Senior Policy Advisor, U.S. Environmental Protection Agency
Ted (Edward) Maillett, Senior Economist, U.S. Fish and Wildlife Service
Chris Miller, Economist, U.S. Forest Service
Tracy Rouleau, Deputy Chief Economist, National Oceanic and Atmospheric Administration
David Saah, Principal, Spatial Informatics Group, and Assistant Professor of Environmental Science, University of San Francisco
Paul Sandifer, Chief Science Advisor, National Ocean Service, National Oceanic and Atmospheric Administration
Carl Shapiro, Director, Science and Decisions Center, U.S. Geological Survey
Nikola Smith, Ecologist and Ecosystem Services Specialist, U.S. Forest Service
Melanie Stansbury, Program Examiner, The White House Office of Management and Budget
Tony Tooke, Associate Deputy Chief, National Forest System, U.S. Forest Service
Sara Vickerman, Senior Director, Biodiversity Partnerships, Defenders of Wildlife
Lisa Wainger, Research Professor, Center for Environmental Science, University of Maryland
Emily Weidner, Natural Resources Specialist, U.S. Forest Service
Rob Winthrop, Senior Social Scientist, U.S. Bureau of Land Management
