Mississippi Oyster Cultch Restoration Project

Project ID: 8 | Project Status: Closed

Description:
The goal of this project was to restore and enhance oyster cultch areas in the marine waters of Harrison Counties. This project restored and enhanced approximately 1,430 acres of the Mississippi. Cultch material (oyster shell, limestone or some combination thereof) was dumped in yards per acre with adjustments for site conditions as needed.

Trustee Implementation Group(s):

- Mississippi

Implementing Trustee(s):

- Mississippi Department of Environmental Quality (MDEQ)

Restoration Type(s):

- Oysters

Restoration Phase:

- Early Restoration Phase 1

Plan:

- Phase I Early Restoration Plan/Environmental Assessment

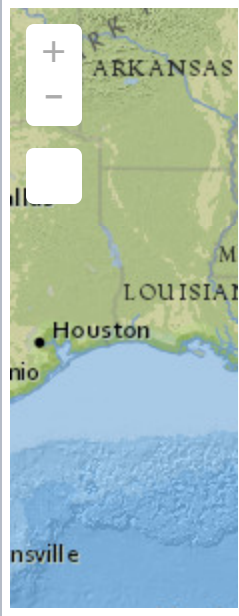

General Location(s):

- Mississippi

Total Authorized Budget:

- \$9,920,952.89

Site Location(s):
